

SOLVAY SODI S.A.

LETTER OF REFERENCE

Hereby we have the pleasure in expressing our satisfaction with services that have been rendered to us by CHIMCOMPLECT ENGINEERING AD in good time and quality.

The work performed at a high professional level comprises designs for the following projects:

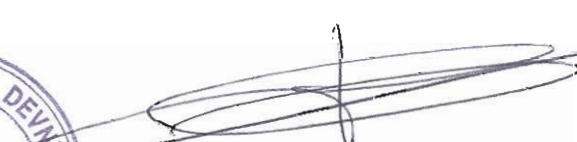

Dense Soda Ash Plant:

- Detail design of reinforced concrete structures including piled foundations and control room
- Detail architectural design of steel coatings on buildings and connections
- Quality control for SNC Lavalin's detail design of dense soda ash of steel structures
- Quality control for Constructor N.V. detail design of dense soda ash silos /18 000m³/

As a result of our collaboration with CHIMCOMPLECT ENGINEERING AD we have got convinced in its technical, financial and staff potential for the implementation of such projects.

Therefore, we strongly recommend CHIMCOMPLECT ENGINEERING AD as an engineering company that can be trusted.

Paul Jacquelot
Executive Director
